

PhD position in Civil Engineering/Construction Management at FIU

A PhD position in Civil Engineering (with a focus on Construction Management) is available at Department of Civil and Environmental Engineering at College of Engineering and Computing, Florida International University. Full financial support (tuition waiver and competitive stipend) will be provided. The students will work on research topics that are related to disaster resilient communities, sustainable and resilient infrastructure systems, and smart and connected communities.

Application Instructions

Applicants with a B.S. or M.S. in Civil Engineering or Construction Engineering are strongly encouraged to apply. Other majors will be considered if the applicant has relevant expertise.

More information regarding the application can be found at
